Wednesday, May 26, 2021

6:30 – 8:30 p.m. Zoom Presentation

Please join us online!

Target Audience:

Lactation Consultants, Lactation Counselors, Nurses, Nurse Practitioners, Physician Assistants, Physicians, and other Healthcare Providers

Purpose:

Explore various topics on breastfeeding including challenges faced by lactating mothers during the pandemic, prenatal influences on breastfeeding, the importance of follow-up post-delivery and family support, 2021 trends and the role pediatricians play in the maintenance of long-term lactation.

Objectives:

1. Discuss challenges lactating mothers face in COVID pandemic
2. Outline the importance of follow up from hospital after delivery and the role of clinics in encouraging breastfeeding
3. Discuss prenatal influences on breastfeeding long term
4. Identify trends of breastfeeding teenagers in 2021
5. Describe the significance of supporting the family during the first few weeks in establishing breastfeeding
6. Examine the role of pediatricians in maintaining lactation long-term
